How Manufacturers Develor A City.—
Editor Nar: A good illustration of what manufactures will do for a place, when encouraged, is afforded by the flourishing town of Canton, Ohlo, where respers and mowers are made. When the inventor went there a few years ago, it was the dullest and least progressive town in the State, and was retrograding in wealth and population. He asked for ten thousand dollars, from the citizens to help him start a manufactory. They raised the money and dollars, from the citizens to help him start a manufactory. They raised the money and donned it to him. The following are the results of the investment: A large reaping and mower manufactory; two large agricultural implement and plow manufactories, exclusively, one of stoves and hollow ware, one of reaper and mowing knives, and one of saddlery hardware, two of horse rakes, one of farm wagons, one of cultivetors, one of wrought from bridges, one of soup and candles, and others more or less extensive. These are not small concerns; the machine interest alone supports twenty five hundred men; the town has tribled in population, quadrupled in wealth, besides opening up and developing a home markst for farm products which is stimulating production and enriching farms in the country tributary to it. That is the way the smart people of Ohio do business and get along. THE DRESS REFORM CONVESTION.—On Wednesday next, the National Dress Reform and Equal Rights Convention will assemble at Union League Hall at 7% o'clock, and will be called to order by Dr Mary E. Walker, President of the isst Convention. This, we believe, is the first time that a convention of the friends of dress reform has been held in this city, and doubtless the sessions, which will be continued during the day and evening of Thursday, will be well attended. Among others who will be present are Mrs. Drs. Lydia Sayres Hasbrouck, (formerly editor of the dress reform paper.) Ellen Beard Harmon, (formerly of a temperance paper.) and Sasan May Dodds, A. B. of St. Louis. The speakers will be mortly professional ladies, who thoroughly understand the subject and the question of dress reform will be discussed as a hygenic and moral measure. It is claimed by the advocates of dress reform, that owing to the constant changes of ashnor, obliging women to devote about three-fourths of their time to dressing that a reform is actually necessary on account of comfort, convenience, and economy, so that the sex can give their time to more important subjects.

The Odd Fallows' Celegration.—In the so clock train north yesterday morning, there were quite a large number of Odd Fellows who pasticipa ed in the grand semi-centonnial celebration of Philadelphia to-day. The most of those who left on this train formed in procession at the Hall, on 7th street, under the marshalebip of P G. John C. Shafer and assistants and headed by Heald's band proceeded to the depot. Other members of the Order joined the delagation here and last evening a number left in the 8.40 train. Quite a number of members of the Ladres' Rebekah Degree Associations and ladies of Odd Fellows' families have also left to see the great procession in Philadelphia. The number of round trip tickets sold up to yesterday morning was 742 and over 50 were subsequently sold.

THE FORTY HOURS' DEVOTION.—The forty hours' devotion to the Biessed Sacrament commenced in St. Patrick's Church, on F street, resterday morning, with Grand High Mass. Rev. Father Kenne, Deacon and Mr. Deavit, S. I. sub-freacon. The choir sang Haydn's Mass No. 2. with Prof. Richter at the organ. The altar was beautifully desorated with rare and fragmat flowers and lighted by hundreds of candles. The first mass to-morrow morning is at six o'clock and High Mass, which concludes the devotion, at seven.

CRIMINAL COURT. Judge Wylic.—This morning was fixed as the time for hearing arguments in the cases of Leonard Huyck, convicted of larceny, and Henry Sommers, as to whether they could be builed until the decision of the Court in the General Term was made on the exceptions taken, but the judge announced that bail could not be received, so the parties continue in jail—their sentences having been made to take effect thirty days from the expiration of the next general term, which will be convened on the 17th of May.

SINGULAR ACCIDENT.—Yesterday morning while Mrs. Beit, residing on Latreet, between 5th and 10th, was in a summer kitchen on her premises, a flat or sad iron over the door was jarred down and striking her on the head, knocked her senseless, breaking a large wen in her head. For some time it was feared that her injuries were fatal, but Drs. Thompson and others being in attendance she was soon restored to consciousness. others being in attendance stored to consciousness.

ELECTION OF OFFICERS.—At a stated meeting of Sconebenge Supreme Arch Chapter No. 1, U.A. O. D., held at Druid Hall, on Satarday evening, the following officers were elected:
O. D. Goodenough, E.S. A.; J. T. K. Plant, Sec y. W. L. Kell, Treas.; W. L. Seward, S. E.; W. L. Moyer, J. E.; Thos. Rich, R. H. O.; James A. Fenning, L. H. O. The Order of Druids is steadily increasing in numbers, and growing in the estimation of the community.

RELIGIOUS.—Yesterday afternoon at McKen-dree Chapel the first quarterly love feast for the present conference year was held under the superintendence of the pastor, S. O. Wil-son, and it was a very interesting re-union of Methodists. At this meeting 70 probationers were received into full membership and several on certificate.

Collins alleges that he was the owner of a house and lot and having come into the city from Fort Poote, where had been at work, Mrs. Hays and a man named Brady entered into a conspiracy and persanded him to deed the house to Brady in trust for her and his heirs and to matry her, and that while drank he did make such deed and married her. The plaintiff, by his connsei—Messrs, Fendall and Fendall—commenced proceedings in the Equity Court to set aside the deed, and issues were sent to the Circuit Court, as showe stated, for a jury to flad the fact. Masonic Fuberal.—Yesterday afternoon, the funeral of Mr. T. Jeff. Leonard, of the Treasury Department, who died Thursday evening last of crysipelas, took place from the residence of Mr. Basset on Capitol Hill, and was attended by St. John's Lodge No. 11, F. A. A. M., headed by Worshipful Master J. H. Russell; Columbia Royal Arch Chapter No. 1, headed by Most Eminent High Priest Joseph T. Brown; and Columbia Commandery No. 2, in charge of Captain Daniels, eminent commander. The funeral service was conducted at the residence by Rev. Dr. Chester, after which the remains were escorted to the Haltimere depot, where they were aken in charge by Thomas S. McManus, a member of the lodge, who will deliver them at Le Roy, Genessee county, New York, to Olive Branch Lodge, F. A.A. M. by which they will be interred. The deceased leaves a wife and three children to mourn their loss.

Dr. Boynton, whose resignation as paster of the First Congregational Church is to take effect on the 1st proximo, preached in the take effect on the 1st proximo, preached in the church to a very large congregation. In addition to those whose names have been heretofore published in the STAR as withdrawing firm the church, enough have been added to give the new organization about 125 members, a meeting will be held next week, it is stated, to perfect the organization. It is announced that it will be a People's church, open to all Ewangelical christians, and seats free. It is expected that the new hall of the Young Men's Christian Association will be leased by this congregation. It must not be supposed, however, that this Association is in any way connected with the movement. It simply rents its hall as a commercial transaction.

FISH AND OVSTERS.—At Johnson's fis wharf since our last report, the receipts have reached upwards of two hundred thousand herring and about fisteen thousand shad. Saturday's lots were disposed of readily, but this moroing sales were exceedingly dull and many sellers transferred their loss to Alexandria, where quotations fluctuate and range a little higher. Superintendent Harris reports herring at 59 to 8'11 per thousand and shad at 313 and 814 per hundred. Captain Cox made offers this morning of herring, alive and kicking, but could not obtain more than 8' and 89 per thousand. Dealers will find the Washington market the most advantageous point at which to make their purchases. In the oyster line Mesers Turner and Son have received upwards of one thousand bushels of various qualities, by vescels, at Riley's wharf, the quotations of which are from 100 to 81.50 per bushel.

WALL'S OPERA HOUSE—Of the Magician who opens at Wall's Opera House to-night, the Kochester (N. Y.) Demorat says: "Nickle, the famous Prestudgitateur, performed his wonderful tricks before a very large house at the theatre last evening, and all who were present, relished, we have no doubt in a high degree the entertainment. He possesses great dexterity, and many of his illusions are entirely new. Beside the customary card tricks, he brings to his aid various creations of the three kingdoms of nature. But it would be imposible to men'ion all all the curious and unaccountable things which were displayed by this skillful magician, and his stay of a week will afford an opportunity for almost every one to go and see him. That he will draw crowds cannot be doubted."

THE CONCERT to be given by Philip Phillips at Wesley Chapei next Thursday evening will not only be a curiosity in its way, but a rare musical treat, such as we seldom have the privilege of enjoying. His influence upon his, audience sometimes becomes so powerful that it frequently joins with him in singing some of his more familiar pieces. We believe that no one ever attended one of Mr. Phillips' entertainments without feeling afterwards a better man or woman, and, if for no other reason, we would edvise our readers to improve the opportunity that will be given them to hear him Thursday evening.

any act or word at which the most fastidious
can take offence. The circus thus has become
a favorite resort for ladies and children, as

WE WOULD call the attention of our readers to the fact that the agency of the renowned Willcox & Gibbs Sewing Machine has been given to our enterprising fellow-citizen, U. Baum, 513 Seventh street. As this family machine is said to be one of the best ever invented, we would advise all those who wish to purchase one to call end examine it. From the work that we have seen executed by the machine we are satisfied that it is the perfection of mechanism, and can be operated by a child of six years old.

The Registration.—Saturday afternoon the Board of Registration held a business meeting at the house of Col. W. A. Cook, when several matters in connection with the registry were considered and acted upon. The communication which was laid before the board on Thursday by Mrs. Julia Wilbur and other temales, asking that they might be registered, was resused, the law requiring that none but male citizens above the age of 21 shall be registered.

WE LEARN that Mr. Clephane, the retiring Internal Revenue Collector, has been called upon by a number of influential business men, and also by a delegation of colored citizens, with a request that he will be a candidate for the office of Collector of City Taxes. Up to this time, we understand, Mr. C. has made no decision, still holding the matter under advisement but should be conclude to ran be would understand walls also were increase. would undoubtedly poll a large vote irrespe

On Thursday Evening next the fair for the benefit of St. Joseph's Male Orphan Asylum will be opened at Carroll Hall, on G strest, and be continued for ten days. A large namber of useful and fancy articles will be offered, and it is hoped that the appeal of the good sisters having charge of the institution will be liberally responded to by a generous public.
